TI-5045

Heavy duty two-color printer with professional style keyboard.

Here's a heavy-duty helper for your home finances. Sleekly styled, but built to take a beating. And loaded with hard-working features that will lighten your workload.

The red and black 12-digit printer has an audit trail, item count and commas that make your financial records easy to read. Uses standard 2¼-inch paper.

The keyboard is fast, accurate, and comfortable—with contoured, well-spaced keys for easy, efficient operation. Speed and

accuracy are further enhanced by 10-level buffering and two-key rollover.

The TI-5045 is easy to use . . . with powerful features: Printer ON/OFF switch and paper advance. Add-to, subtract-from, or subtotal memory. Independent add register works like a "second memory." Automatic percent key. Automatic 5/4 rounding switch. Automatic constant. Dating/numbering key. Switch selects add mode, floating or fixed 0, 2, 3, 4 decimal.
